RE: ML 982 and ML 43854--BSLS; Millard County

Dear Mr. Robison:

Thank you for visiting with me and bringing your leases into compliance with the notification requirements.

The Administration requires that you submit a surety bond issued by a Utah licensed bonding company, using the enclosed bond form, in the amount of \$5,000 per acre of surface land to be disturbed by your proposed mining operation. In lieu of a surety bond, you may submit a short term time CD issued by a Utah banking institution, in the same amount, providing that the Utah School and Institutional Trust Lands Administration is listed as a joint owner of the certificate.

Upon meeting the bonding requirement and upon obtaining any required permits from other affected agencies including the Utah Division of Oil, Gas and Mining and the Utah Division of Air Quality, you may commence operations.

Sincerely,

A handwritten signature in dark ink, appearing to read 'John T. Blake'.

JOHN T. BLAKE
MINERAL RESOURCES SPECIALIST
